

DAYANGKU NABILA MAISARA BT AK AHMAD AFFANDY

ABOUT

I am a third-year Computer Network Security student at Universiti Sultan Zainal Abidin (UniSZA) with a strong interest in cybersecurity and digital defense. I have developed foundational knowledge in network security, system protection, and threat awareness, supported by my final year project on an intelligent honeypot framework. I am motivated to pursue a career in cybersecurity where I can contribute to protecting systems and strengthening digital security environment.

FINAL YEAR PROJECT (2025-Ongoing)

Intelligent Honeypot Framework for Open-Source Cloud Environment

- Developed an intelligent honeypot framework in a cloud-based environment to detect and capture malicious activities.
- Analyzed attack patterns and network traffic to enhance understanding of cybersecurity threats and defense mechanisms.
- Simulated real-world attack scenarios to evaluate system effectiveness.

EXPERIENCES

RHB Campus Ambassador (2025 - Present)

- Representing RHB through campus engagement and outreach initiatives
- Promoted financial awareness programs to students
- Built strong communication and networking skills with diverse audiences
- Demonstrated initiative in managing responsibilities and student interactions

Part-Time Tutor (2025 - Present)

- Conducted structured 1-to-1 tutoring sessions based on student needs
- Improved students' writing and comprehension through structured and targeted learning strategies
- Simplified complex topics into clear and understandable steps
- Delivered lessons in multilingual settings (BM, English, Mandarin)

LEADERSHIP & INVOLVEMENT

PERSATUAN KEBUDAYAAN ANAK-ANAK BORNEO (PKAB)

1. Ketua Penerangan Kampus Besut (Sesi 2025/2026)

- Managed dissemination of information and official announcements to students
- Ensured clear, accurate, and timely communication across campus channels
- Strengthened student engagement through structured communication strategies

2. Exco Multimedia & Publisiti (Sesi 2024/2025)

- Managed social media content and publicity for organizational activities
- Designed and delivered digital communication materials for events
- Increased student engagement through effective media strategies

Yang Di-Pertua, Jawatankuasa Perwakilan Pelajar (JPP) (2022/2023)

- Led and represented the student body in matters related to welfare and university affairs
- Coordinated with university management to address student concerns and initiatives
- Oversaw planning and execution of student programs and activities

Pengawas SPBT (Skim Pinjaman Buku Teks) (Secondary School)

- Managed distribution and collection of textbooks for students
- Maintained proper records and ensured accountability of school resources
- Demonstrated responsibility and organizational skills in handling student materials

Education

Universiti Sultan Zainal Abidin
(UniSZA)

**Bachelor of Computer Science
(Computer Network Security)**

2023 - Present

- Current CGPA : 3.68

Kolej Matrikulasi Melaka (KMM)
Jurusan Sains (Sains Komputer)

2021-2023

- CGPA : 3.44

Skills & Knowledge

- Network Security, System Security, Cybersecurity Fundamentals
- Packet Analysis (Wireshark), Basic Networking
- Linux (Kali), Cisco Networking
- Network Simulation (NS-2, NS-3), NetBeans
- Web Security Tools: Burp Suite
- Languages: Bahasa Melayu, English, Mandarin
